TESTIMONIAL

“GuruJal, is a perfect demonstration of how this thought can be translated into action. The programs undertaken by GuruJal have an interdisciplinary focus with community as an important stakeholder.”

Dr. Fawzia Tarannum
Advisor, GuruJal
Assistant Professor,
Water Resources Department, TERI SAS

Mojabad pond site inaugurated

12th September 2020

The restoration and rejuvenation work in Pataudi's Mojabad pond site have recently been completed. The site was inaugurated in presence of **Mr. Amit Khatri (IAS, Deputy Commissioner Gurugram)**, **Mr. Satyaprakash Jaravaata (MLA, Pataudi)**, **Mr. Pradeep Kumar, (SDM Pataudi)**, **Mr. Narinder Sarwan (DDPO Gurugram)**, **Mr. Ravi Pahuja** and **Ms. Sarika Panda Bhatt** from the advisory team. This marks the district administration's first completed eco-restoration project under its GuruJal initiative.

Mojabad Pond Site Inauguration by Mr. Amit Khatri IAS, Deputy Commissioner of Gurugram

Site Visits by Mr. Upendra Prasad Singh (IAS) Secretary - Ministry of Water Resources

19th September 2020

Mr. Upendra Prasad Singh (IAS) Secretary - Ministry of Water Resources visited the Mojabad and Bilaspur pond sites. The purpose of the visit was to understand and review the work of pond restoration and rejuvenation on the sites. The visit was accompanied by Mr. Narinder Sarwan, DDPO, Gurugram and members of the GuruJal team.

DGPS and Drone Training session facilitated by GuruJal

25th September 2020

GuruJal facilitated the District Administration of Gurugram in conducting a DGPS and Drone training to understand the utility of these technologies in **Svamitvya Yojana**. Svamitvya Yojna was launched on Panchayati Raj Diwas on the 24th April 2020, by **Hon'ble Prime Minister Shri Narendra Modi** for rural inhabited lands. The plan enables the integration of the latest technologies of demarcation such as drone technologies and DGPS. The use of technology would enable more accurate, streamlined and efficient demarcation processes to take place on the ground.

Pre-feasibility and pond profiling work of multiple ponds completed this month

28th September 2020

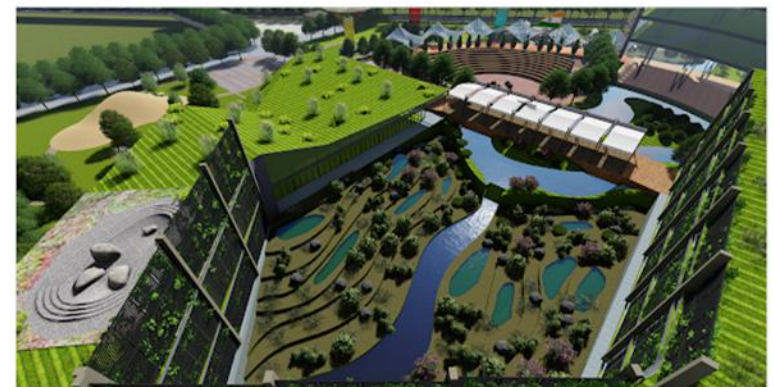

Dharampur-I construction site

Few site updates from GuruJal's on ground work this month include completion of pre feasibility check of two ponds, profiling of new MC ponds & construction work at Dharampur-I.

Pre-feasibility report of Yakubpur and Dadri Toe ponds are completed and proposals have been submitted. The final Detailed Project Report (DPR) of Subhash Nagar pond has been submitted to Municipal Corporation of Gurugram. Pond profiling of 28 ponds of MC Sohna has been completed. GuruJal received administrative approval for Dharampur-I, Wazirpur, Kasan and Bhondsi pond sites. Construction has work started at Dharampur-I.

Proposal of Jal Shakti museum submitted to the Ministry of Jal Shakti

18th September 2020

Proposed view of the museum.

Proposal of Jal Shakti museum has been submitted to the Ministry of Jal Shakti. The intention of creating a JAL SHAKTI SANGHRALAY is to create an embodiment of values and mission of create a Water Positive Environment. This will be done through designing and constructing the Museum and R&D centre according to LEED and IGBC Standards and being a house to premier research institutes and educational hub for propagating water positive policies and technologies in the country.
