## TESTIMONIAL

“ The residents of village Damdama are really happy about getting a biodiversity park developed by the GuruJal society in their village. The Gram Panchayat and the residents of the village express our gratitude to the government of Haryana and GuruJal. ”

**Mr. Shyoraj Khatana**  
Active Panchayat Member, Damdama

## Wastewater Treatment Plants completed at multiple sites this month

20th August 2020

Wastewater Treatment Plant (WWTP) setup of Kasan pond site has been completed this month. It's current capacity is 250 KLD with future capacity of 500KLD together. It uses bio filters as a treatment process and ozonation as a tertiary treatment. This plant is set to become operational soon. Along with Kasan site, 90% of the Wastewater treatment plant work is complete on the pond sites of Hariahera and Dhaula as well.

Pre-study report of Subhash Nagar site is complete.

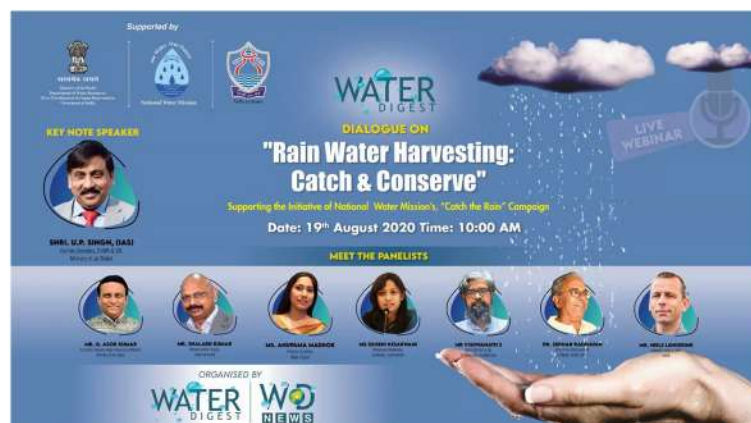

Wastewater treatment plant in Kasan

## GuruJal was invited to Water Digest's dialogue on Rainwater Harvesting: Catch and Conserve

19th August 2020

GuruJal's Program Manager - **Shubhi Kesarwani** was invited as a speaker to the webinar on Rainwater Harvesting: Catch & Conserve organized by the 'Water Digest'- India's Premier Water Magazine that brings in the latest technologies & varied opportunities to cope with escalating water troubles to the Indian market.

The event was graced by **Shri U. P. Singh**, Hon'ble Secretary, Department of Water Resources, River Development and Ganga Rejuvenation, Ministry of Jal Shakti; **Mr. G. Asok Kumar, IAS**, Additional Secretary and Mission Director, National Water Mission, Department of Water Resources, River Development and Ganga Rejuvenation, Ministry of Jal Shakti; **Mr. Shalabh Kumar**, Member Water Supply, Delhi Jal Board; **Rain Man: Dr. Sekhar Raghavan**, Director, Rain Centre, Chennai, Tamil Nadu and **Mr. Niels Lenderink**, Senior Consultant, Rain, Netherland and **Mr S. Vishwanath**, Rain Water Club, Bangalore, Karnataka.

## 'Paani ki Kahaani' campaign launched

18th August 2020

A campaign called '**Paani ki Kahaani**' started at the beginning of this month with the aim of creating water consciousness amongst the people of the district. Under this campaign, people were asked to share their water conservation stories in the form of short tales, poems, paintings etc. People participated in this campaign enthusiastically and shared their stories with GuruJal. These water tales were shared on our social media platforms to inspire others. There was enough youth participation from the students of various colleges in the NCR region like Ramjas College and Sri Ram College of Commerce from University of Delhi.

## MCG Urban Plantation Drive continued this month

Plantation drives were conducted in open areas provided by **Municipal Corporation of Gurugram** as a part of the urban plantation drive. Plantation in these areas was done by the volunteers who registered for the drive. The location of these open areas included **Ajit Stadium Dhanwapur**, **Government Senior Secondary School Dhanwapur** and **Ullawas** respectively. This drive was facilitated by GuruJal.

Plantation at Dhanwapur and Ullawas
